Class IIC

Pine

Palanga's full of them
In the streets, in disguise
Neat looking and so high
Everywhere, but only here

Pier

Partially a ship wreck
Inspired by a dumb thought
Everyone still looks at it
Reunites the beauty of it

Jonas Endzinas

Greenery

Golden, yellow, green, red
Rediscovering the nature of meth
Everyone fancies it
Everyone wants a piece of it
Newly grown and shining bright
Everywhere you look, you see it
Rocking on the streets of town
Yearlong and never ending crown

Jonas Endzinas

Amber

As you walk on the sandy shore
Maybe you will find some more
Bright and yellow as they say
Everyday sea comes and pays
Round and round they come

Seaside

Sunny and always warm
Even when the winter comes
Always welcoming and clean
Shining little crystals flee
In the end, it's quite a treat
Dancing waves always meet it
Entering and never leaving

Jonas Endzinas

Out here looking for some fun
Using maps in every town

And sits in dunes watching the waves brake
So while everybody does that
I go to the seaside
Doing what I planned to do
Easy as that

Us people, relax by waching them say bye
Nobody knows why

Everybody lights up like
The big circle of light

Waves

Waiting for the water to gently touch one's feet
Arise various feelings

waves crashing into each other.

Seashore

Sand lightly flowing above the dunes
Every side you turn, you feel the wind breezing
Amber slowly peeping out of the ground
Sea waves mesmerising you deeply
Here you'll see off birds, flying into the
nothingness beyond the horizon
Oh, no matter the weather
Right here you'll want to stay always
Embracing the beauty of Palanga.

Yet, there is a rock that I'm trying to reach

Beach Vibe

Believe it or not, you can't feel the time at all
Early in the morning in the sea I'm going to fall
Amber gems everywhere
Can you smell the freedom in the air?
Hush it's the end of summer, NO that's not fair
Very funny you think?
Imagine a ship that's going to sink
Buddy breathe one more time
Exactly when you reach the finish line

Amber

Amazed by golden dots glowing in the dark
My head thought, 'stars were falling out'.
But after taking a couple of them in my hands
Easily realised that it was amber falling from the sky.
Reminding me of the dream from the last night.

Seaside

Sitting chatting with my friends,
Enjoying the amazing sunset view.
After last sun ray hid behind the waves,
